Leanovations Announces Upcoming Workshops

[ISO 9001:2015 Process Owner Workshop](#)

May 5, 2017 (One Day)

[Lean Leadership Certification Workshop](#)

May 22-25, 2017 (Four Days)

Go to www.leanovations.com for more information and to enroll now.

**ISO 9001:2015 Process
Owner Workshop (One Day):
May 5, 2017**

**AT:
Rowley Spring & Stamping
210 Redstone Hill Rd
Bristol, CT
Time: 8:00- 4:00PM**

**Lean Leadership
Certification (Four Day)**

Cost: \$200/person or \$175/person with 3 or more from one company

Instructor: K. Cunningham, CQA, V.P. Lean-ISO Integration
Over 17 Years Experience Leading Organizations in ISO Quality Management Systems (QMS) and working with Leanovations to help companies embrace Lean-ISO Integration.

During the Process Owner Workshop, we will utilize hands-on activities to understand and effectively apply the process approach and the new ISO 9001:2015 requirements. Several different tools will be applied during the workshop to identify process inputs and outputs, interactions, risk controls, and monitoring and measuring activities. Bring a process to work on!

Workshop Objectives:

- Effectively understand and interpret the new ISO 9001 process requirements
- Understand and apply the Process Approach
- Understand and apply Risk-based Thinking

Go to www.leanovations.com to register

**Workshop):
May 22-25, 2017**

**AT: Leanovations University
Rowley Spring & Stamping
210 Redstone Hill Rd
Bristol, CT**

Cost: \$1,250/person or \$1,000/person with a "Partnership for Success" Contract with Leanovations

Instructor: F. Shamburg, President
Over 25 years experience and teaching Lean worldwide, with experience in over 20 countries and 30 states, is recognized as a leader in successfully implementing "Lean Enterprise" and is a guest speaker for many business/government Lean conferences
Workshop Objectives:

- Provide participants with experiential learning through plant tours daily and applying what was learned through simulations on the 3rd day
- The class will tour a facility each day to hear directly from the employees about their journey
- Learn the 5 Key principles of the Toyota Production System (TPS), and the four rules of engagement, the Importance of applying Takt Time and Standard Work, developing employee skills, having Key Performance Indicators (KPIs)
- Participants will experience the Kaizen Team approach to improve their processes with the "Nerf Ball" Simulations and about eliminating the 7 Wastes+E, establishing a Visual Factory floor and developing Employee Skills along with the Kanban Pull system through the "Bean Factory"

- **This workshop usually sells out 2-3 months prior to the class so sign up early**
